**MEMORANDUM FOR: HQ, USAF
AFCIG-5**

ATTENTION : Colonel Leo P. Geary

SUBJECT : Support Aircraft for the "C" Program

1. Reference is made to our memorandum dated 25 September 1961, subject as above.

2. Because of additional slippages in the "C" Program, some of the support aircraft listed in referenced memorandum will not be required by the dates originally requested. It is requested that the following changes in delivery schedules be made:

- a. Postpone the C-54G indefinitely. There is no immediate need for this type aircraft. We will re-evaluate this requirement when we are closer to the operational phase of our program and will request a new delivery date if the requirement still exists.
- b. Two F-101B's can be accepted by 15 April as originally scheduled. However, request you postpone delivery of the other two until 1 December 1962. We will have no requirement and no maintenance capability for these additional aircraft until that time.
- c. The helicopter which was requested in our memorandum to your office dated 8 January 1962, can be accepted as soon as flight and maintenance crews are assigned.

We will take action to requisition these crews as soon as you confirm the type helicopter to be assigned. Will appreciate your providing us this information along with the anticipated delivery date as soon as possible so we can complete the logistics planning for this aircraft.
